Minu Shukla Pathak, IRS
Secretary, NCCT

Message

It gives me immense pleasure to extend my warm greetings on the launch of the MBA (Agri-Business) and BBA (Agri-Business) programmes under the affiliation of Tribhuvan Sahkari University. This initiative marks an important milestone in strengthening professional education in the field of agri-business and cooperative management.

India's agricultural sector is undergoing rapid transformation, requiring skilled professionals who can integrate modern management practices with the principles of cooperation. These newly introduced programmes are designed to develop competent human resources equipped with knowledge in agri-value chains, rural marketing, agribusiness entrepreneurship, and cooperative governance.

The National Council for Cooperative Training (NCCT) has been consistently working towards capacity building and human resource development in the cooperative sector. The introduction of these programmes under the academic framework of Tribhuvan Sahkari University will further enhance the quality, relevance, and outreach of cooperative education in the country.

I am confident that these courses will provide students with a strong academic foundation along with practical exposure, enabling them to contribute effectively to agricultural development, rural transformation, and cooperative growth.

I extend my best wishes to all the students, faculty members, and partner institutions associated with this initiative. I hope this endeavour will play a vital role in nurturing future leaders committed to inclusive and sustainable development.

(Minu Shukla Pathak)

From The Director's Desk

Dr. K. P. Ranjan

Director

DNS-RICM, Patna

It gives me immense pleasure to announce the launch of the MBA (Agri-Business) and BBA (Agri-Business) programmes at Deep Narayan Singh Regional Institute of Cooperative Management (DNS-RICM), Patna, under the esteemed affiliation of “Tribhuvan Sahkari University”, Anand, Gujarat this marks a significant step towards advancing professional education in agri-business and allied sector in the region.

In today’s rapidly evolving agricultural landscape, there is a growing demand for skilled professionals who can bridge the gap between agriculture and modern management practices. These programmes have been carefully designed to provide students with comprehensive knowledge in agri-business management, value chain development, rural marketing, agri-finance, and cooperative systems.

DNS-RICM, Patna has a long-standing legacy of excellence in cooperative and rural development education and training. With the introduction of these new programmes, the institute aims to nurture future-ready professionals and entrepreneurs who can contribute effectively to agricultural transformation, rural development and the strengthening of the cooperative management, rural development, agriculture and allied sectors.

The affiliation with Tribhuvan Sahkari University ensures academic rigor, industry relevance, and alignment with national education priorities. Students will benefit from a blend of theoretical learning and practical exposure, including field visits, internships and interaction with industry experts. I warmly invite aspiring students to be a part of this transformative academic journey. I am confident that these programmes will open new avenues of career opportunities and contribute significantly to nation-building. I extend my best wishes to all stakeholders for the successful implementation of these programmes.

Dr. K. P. Ranjan

ABOUT THE INSTITUTE

Established in 1954-55 by the Agriculture Credit Department of the Reserve Bank of India, Deep Narayan Singh-Regional Institute of Cooperative Management (DNS-RICM), Patna stands as a premier residential institution dedicated to cooperative management education and training in India. The Institute operates under the aegis of the National Council for Cooperative Training (NCCT), New Delhi, and is fully financed and promoted by the Ministry of Cooperation, Govt. of India.

Over the years, the Institute has evolved in both scope and stature. A significant milestone was achieved in October 1997, when it was elevated to the status of a Regional Institute of Cooperative Management, enabling it to broaden its academic outreach, diversify its training portfolio and strengthen its role in capacity building research, consultancy, education and training for the all sectors of economy.

The Institute primarily caters to the research, consultancy, education, and training needs of personnel from the cooperative, rural development, agriculture, and allied sectors in Bihar and Jharkhand. In addition to its regular training programmes, it actively collaborates with reputed national and international organizations such as the International Cooperative Alliance Asia-Pacific; the International Labour Organization; the International Food Policy Research Institute (IFPRI) Washington, USA; the National Cooperative Development Corporation (NCDC); the Bankers Institute of Rural Development (BIRD), Lucknow and Kolkata; the National Institute of Agricultural Marketing (NIAM), Jaipur; the National Institute of Agricultural Extension Management; the National Cooperative Union of India; the Indian Farmers Fertiliser Cooperative Limited; the National Bank for Agriculture and Rural Development; the National Institute of Rural Development and Panchayati Raj and others to organize workshops, seminars and specialized training initiatives, thereby enriching the learning ecosystem.

Through its sustained commitment to excellence in education and training, research, and institutional collaboration, DNS-RICM, Patna continues to contribute significantly to strengthening the cooperative movement and nurturing professional leadership in the field of agribusiness management, equipping it to meet emerging challenges.

The Institute equipped with well-developed infrastructure designed to support high-quality teaching, training, and research activities. The Institute houses a well-stocked library with a collection of over 15000 books, along with relevant journals and reference materials to facilitate academic learning and research. The campus includes a modern computer laboratory with updated systems and high-speed internet connectivity, supported by campus-wide Wi-Fi access. Spacious and well-equipped classrooms with modern teaching aids provide a conducive environment for interactive learning. In addition, the Institute has a well-furnished conference hall and seminar hall for conducting workshops, seminars, and

training programmes. A cafeteria is also available on campus to cater to the needs of participants, faculty and staff ensuring comfort during academic engagements.

The Institute is supported by a team of well-qualified and experienced faculty members who possess strong academic backgrounds. In addition to its internal faculty, the Institute also maintains Academic Resource Pool comprising subject experts, industry professionals and academicians from reputed national organizations.

The Institute is strategically situated in the heart of Patna, making it easily accessible from major transportation hubs, government offices and key institutions.

VISION:

To be a leading institution recognized for excellence in education and training, empowering individuals to achieve their fullest potential and contribute meaningfully to a dynamic, ever-evolving world.

MISSION:

Our mission is to deliver high-quality, industry-relevant education and training through innovative teaching methodologies, cutting-edge resources, and a learner-centric approach. We aim to nurture talent, foster critical thinking, and instill a lifelong passion for learning, preparing individuals for success in their careers and communities.

OBJECTIVES:

The Institute, being a premier organization engaged in imparting management education, research, consultancy and training for rural development, agriculture and allied sectors, pursues the following key objectives:

- To organize quality training programmes to enhance the knowledge, skills and managerial competencies of personnel in the cooperative, rural development, agriculture and allied sectors, and management.
- To organize management education programmes for developing human resource capabilities and strengthening managerial competencies in the cooperative, rural development, agriculture and allied sectors.
- To promote knowledge exchange and capacity building through workshops, seminars and symposia for stakeholders associated with the cooperative, rural development, agriculture and allied sectors.
- To undertake innovative research and provide professional consultancy services on key issues related to cooperative, rural development, agriculture and allied sectors.

ABOUT MBA/BBA PROGRAMME

Our two-year, full-time MBA in Agribusiness and four years BBA (Agribusiness) programme, affiliated with *Tribhuvan Sahkari University (a National University and an Institution of National Importance under the Ministry of Cooperation, Government of India)*, is designed to develop professionals capable of leading, managing, and innovating in the agribusiness sector. Guided by its vision to create an ethos of creativity and innovation for enhancing the quality of management in the agribusiness and rural sectors for the sustainable development of the overall economy, the programme is committed to its mission of fostering agricultural and rural prosperity through the effective management of agri-resources, thereby improving the quality of rural life. In line with this, the programme aims to create professionally trained agribusiness leaders with strong values and ethical grounding, develop professional attitudes and problem-solving skills to effectively serve all stakeholders in the agribusiness ecosystem, and encourage entrepreneurship, capacity building, institutional linkages, and meaningful contributions to policy development. . The curriculum blends core management fundamentals with sector-specific insights and includes a mix of core and elective courses, a summer internship, and hands-on project work, enabling students to thrive in a dynamic and evolving industry. The normal duration of the MBA (Agribusiness) programme is two academic years, comprising four semesters and for BBA (Agribusiness) programme is four academic years, comprising eight semesters.

CURRICULUM DESIGN

A holistic approach has been adopted in framing the MBA Programs. The degree requirement consists of the compulsory core package, the elective package, the industrial attachment, and project.

Course Outcomes:

The objective of the compulsory package is to (i) provide basic conceptual and analytical knowledge and inculcate aptitude and skills necessary for managerial effectiveness, and Foundation course in Agriculture.(ii) develop an integrated view of organizational and managerial functioning and understanding of the interdependency of sub-systems of business sector, (iii) create awareness and understanding of environmental forces impinging on managerial behavior, and (iv) understand the functioning of business organizations.

Elective Courses:

The MBA (Agribusiness) program provides specialization in key functional areas such as Agriculture, Agricultural Marketing, Human Resource Management, Finance, Information Technology etc. In addition, the program offers industry-oriented specialization in Farm Engineering, Food Industry, Hi-tech Agriculture, Horticulture Industry, Food Retail & Supply Chain, Input Supply, and Livestock

Industry, which constitute the unique strength of the MBA program.

The BBA (Agribusiness) program is designed to build a strong foundation in agribusiness management by integrating core business disciplines with practical exposure to the agriculture and allied sectors. The program equips students with managerial, entrepreneurial, and analytical skills required for emerging opportunities in agribusiness, agri-marketing, supply chain management, food processing, rural management, and allied industries.

Trainings/Summer Internship Programme:

For ensuring exposure to working of a business organization to future managers, industrial attachment during summer is an essential academic requirement for the students. Each student has to spend summer break working in and learning from a business organization. The summer Internship/ Project Work provides the student firsthand exposure to the functioning of the organization.

Pedagogy:

At DNS-RICM, Patna, the teaching approach will be designed to seamlessly integrate conceptual learning with practical exposure. The Institute will adopt a mix of case-based learning to enhance analytical thinking and decision-making, along with experiential learning through field visits, on-going projects and Agri-rural internships. Classroom sessions will be highly interactive, incorporating simulations, role-plays, and problem-solving exercises that will encourage critical thinking and collaborative learning. The use of modern ICT tools, data analytics and business modelling techniques will strengthen digital proficiency and practical insight. This comprehensive and application-oriented pedagogy will aim to develop not only skilled managers but also responsible and innovative leaders capable of contributing effectively to the agribusiness sector.

Performance Evaluation System:

The continuous performance evaluation system of the students, as an indicator of input utilization and conversion efficiency comprises class participation, case presentation group discussion, seminars, assignments, quizzes, and midterm examination, practical and final examination.
